SUMMARY

Computer Science undergraduate with a strong interest in **Machine Learning, Full-Stack Development, and UI/UX design**. Completed internships at **LNMIIT** and **CDTI**, gaining hands-on experience with neural networks and real-world industry projects. Developed impactful projects including a **Social Media Application, Sign Character Translation System, and Number Recognition using SVD**. Proficient in **Python, Java, and MySQL**, with practical knowledge of **machine learning concepts, Reinforcement Learning, and Agentic AI**. Also worked as a **Teaching Assistant**, teaching Python and **DSA in C**, strengthening both technical expertise and communication skills. Actively involved in university activities, certified by **Coursera** and **Red Hat**, and a core member of the photography committee, with a passion for **travelling and photography** that supports creativity and design thinking.

TECHNICAL SKILL

Programming Languages: C, Python, Java, C++, HTML, CSS, JS

Framework: Pandas, NumPy, SkcitLearn, TensorFlow

Database: MySql

Software/Tools: Figma, Microsoft Office, AutoCAD, TinkerCAD, Cisco Packet Tracer

EDUCATION

JK Lakshmipat University, Jaipur, Rajasthan

CGPA 8.45 (Till Sem-5th)

Bachelor Of Computer Science

Relevant Courses: ML, AI, DL, CN, Matrix Computation, DM, DBMS, OS, DAA, DSA (C), DAA(C).

Jai Prakash Narayan Sr. Sec. School, Bhankrota, Jaipur, Class 12th (Math Science)

90% (2021 – 2022)

E Planet Academy, Bhankrota, Jaipur, Class 10

87% (2019 – 2020)

PROJECTS

- **Sign Character Recognition ([Link](#))** (Aug 25 – Dec 25)
This project is a real-time sign language recognition system that uses a camera, MediaPipe, and a deep learning model to convert hand gestures into text for easier communication.
- **Software Bug Classification Model ([Link](#))** (Jan 25 – May 25)
Built an ML model to classify software bugs using NLP and machine learning
- **Digit Recognition using SVD([Link](#))** (Aug 25 – Dec 25)
Designing and building a React Native app that features horizontal scrolling and a mood-based content feed to enhance user engagement and personalization.
- **Stock Price Prediction ([Link](#))** (Feb 25 – March 25)
Developed a platform for academic content sharing, where I handled MySQL database design and improved UI/UX for easier navigation and user interaction.
- **Crowed Source Portal ([Link](#))** (Oct 24 – Nov 24)
This platform enables knowledge sharing through academic materials and discussions. I worked on MySQL database design and UI/UX enhancements for better navigation and user experience

EXPERIENCE

- **Intern – Random Number Generator Project, LNMIIT, Jaipur ([Link](#))** (May 25 – July 25)
- **Teaching Assistant – Python, JK Lakshmipat University ([Link](#))** (Jul 24 – Nov 24)
- **Teaching Assistant – (Competitive Programming) JK Lakshmipat University ([Link](#))** (Jul 25-Dec 25)
- **Intern – Central Detective Training Institute (CDTI), Jaipur ([Link](#))** (Jul 25 - Dec 25)
- **Teaching Assistant – DAA, JK Lakshmipat University ([Link](#))** (Jan 26 – April 26)

POSITION OF RESPONSIBILITIES

- **Core Member – Photography Committee, JK Lakshmipat University**
Core member for **Sabrang 2025**, leading event coverage and team coordination. Also contributed as a photographer in **Sabrang 2024, JKLH Hack 3.0 and 4.0**, supporting event promotion and documentation.
